MANY STUDES OFFERED JOB AT COLLEGE

76 Will Profit by Government Offering Aid

FOR 20 NEW ONES

56 Old Students Who Need Jobs to Get Money

Seventy-six students in W. T. will profit by President Roosevelt's New Deal to the extent of from $10 to $20 per month for jobs which will be given worthy students who must have assistance, or leave college.

Applications are being received by Dr. B. F. Fronabarger, Dr. H. M. Cook and Dean Geraldine Green from students who wish this work. It is likely that all students who meet the requirements will be started to work next week.

Work will be given to 56 students who are now attending W. T. and to 20 new students who are not in school at the present time, or were in W. T. the first of January. They may be students who were forced to drop out on account of finances, or they may be new students who have never attended the institution.

Various kinds of jobs are being provided on the campus for these students. The last session of the legislature eliminated all appropriation for student labor at W. T., and as a result the College instructors have been deprived of assistants in their work.

Office work of various kinds will be given the girls, and other kinds of work on the campus will be given the boys.

The government has set aside about $5,000,000 to assist students in colleges which meet the approval of the state and national educational departments. All of the teachers colleges of Texas met this requirement, and Dr. Hill received definite instruction Tuesday to proceed with the enrollment of students for this work.

The government has been assisting various classes of people, and educators are very grateful that the government has seen fit to assist thousands of boys and girls who are struggling to make their way through the colleges of the land.

PWA Not Accept More Applications as Money is Short

Announcement was made Sunday from Washington that no more PWA projects would be considered, as the money available had been exhausted.

This means that the hospital for Canyon will not be considered further as this project had not been passed by the state committee.

Dr. J. A. Hill received word last week that all five of the W. T. projects had finally been approved by the state committee, but that none of them had gone to Washington. They will probably be considered in due time at Washington.

The city of Canyon was granted a loan for water works extension some time ago, which was rejected as being too expensive. Harvey Cash stated yesterday that he had received more information regarding the handling of this fund, and was exceedingly glad that the city had not entered into the agreement owing to the red tape connected with the project.

BOOSTERS TAKE GAME FROM EX-BUFFS THURSDAY

The Ogden Boosters took the game from the ex-Buffs Thursday night 48-32. The Booster team was composed of four ex-Buffs and the remaining crew from the Wichita Henry team of last year.

Burton gym was packed to capacity to see the two teams in action.

HAD OPERATION SATURDAY

Miss Allie Mae Wilson was operated upon for appendicitis at an Amarillo hospital Saturday. She has been resting well this week.

Billy Robinson returned to Santa Fe Monday where he is enrolled in CCC work.

George Mason and Carl Fuqua of the Wildorado community were business callers here Monday.

Carruth Re-Elected

IRBY B. CARRUTH

Irby B. Carruth was re-elected Superintendent of the Canyon Public Schools Monday night for a two-year period. Mr. Carruth is serving his fifth year as Superintendent. He came to the school system as a teacher in the grade school. After teaching one year in the grades, he was elected high school teacher where he served one year and then was named high school principal. After one year as principal he was named Superintendent.

This is the first time in many years that a Superintendent in Canyon has been honored by election for a two year term.

Mrs. Elzie Price Is Candidate For County Treasurer

The following announcement was made yesterday by Mrs. Elzie Price:

In announcing as a candidate for the office of County Treasurer, subject to the action of the Democratic Primary in July, I desire to make this statement: After serious consideration and realizing there is a great responsibility connected with the office, I feel that I am thoroughly competent to fulfill the duties of the office in an efficient way.

I am taking this means to solicit the careful consideration of the people of Randall County, and it is my intention to see each voter personally if possible.

MRS. ELZIE PRICE.

Game Tournament for Library Fund to Be Held Wed.

In behalf of the Randall County Library recently opened, the Finance Committee of the Library announces a game tournament to be held at the American Legion Hall on the afternoon and evening of Wednesday, February 21. The games open at three o'clock and at eight o'clock p. m.

Those wishing to make reservation may do so by phoning Mrs. C. R. Burrow, Mrs. Winfield Miller or Mrs. Carl Scott. Tickets are for sale at twenty-five cents per person. Arrangements have been made to take care of those who do not make reservations also.

The public is urged to attend and to assist in the raising of funds for the Randall County Library.

City Inspector of Food Named by Health Dept.

T. S. Stephenson has been appointed City Food Inspector under the direction of the City Health Officer, F. M. Wilson. Mr. Stevenson is now taking training in Amarillo under the local and state inspectors there. The city officials in co-operation with the health department ask and insists that all food handling places give Mr. Stevenson their fullest co-operation so that Canyon's food and eating places will be made safer.

Mr. Stevenson will begin his inspections in the city within a short time and will continue to make them regularly in the future.

Mr. Stevenson may be reached at the Sanitation Office in the Court House, in case anyone has any questions in reference to the Food and Drug regulations which are state laws and in effect thruout the state.

MISSED CHANCE TO RAIN

The best chance for rain failed Saturday and Sunday. With a southeast rain, and heavy mist all day Saturday and Saturday night indications were favorable for rain or snow. But the moisture failed.

GOVERNMENT TO START TB COUNTY TEST

Federal Vets Will Be Here to Carry on Work

WILL INSPECT ALL

Test Expands Dairymen's Program to Take in All Cattle

Randall County has been designated as one of the counties in Texas to do area Tuberculosis Eradication work, under a plan used in all States and Counties in the United States.

This work will be under the supervision of the United State Bureau of Animal Husbandry and the Livestock Sanitary Commission of Texas.

The labor incident to the work will be furnished by the CWA, paid for out of a special fund and not coming from any the County now has.

This project was approved by the commissioners of Randall county at the regular session of the Court Monday.

The work will be especially timely at this time as it provides a free Tuberculosis test for all dairy cattle in the county with provision for an indemnity for all cattle condemned. The regular pool of dairy cows to be tested in the area around Canyon will be merged in this area test. A committee of cow owners together with County Agent, W. H. Upchurch and Dr. J. G. Porter, who represents the Federal Government called on the commissioners court Monday in the interest of this project.

W. W. Woolsey Here Thursday in Interest Of His Oil Test Well

W. W. Woolsey of Amarillo was here Thursday meeting citizens in the interest of the test well being drilled northeast of Canyon. The well is down 5100 feet, and the continuation depends upon the sale of leases.

Mr. Woolsey believes that it will be necessary to go about 6,000 feet to find gas or oil. He and his associates have put up a lot of money to sink the well so far, but it will be necessary to secure help in order to continue the drilling.

A group of citizens in Canyon and Amarillo have put up some money for leases, with Gene Howe of the Amarillo Globe-News acting as trustee.

Naming Committee Will Spend Day in Inspecting Park

The naming committee of the Palo Duro State Park will spend next Friday, Feb. 23 in the canyon, officially naming the points of interest. This committee was appointed several weeks ago by D. E. Colp, chairman of the State Parks Board.

A meeting of the committee Saturday night was attended by Mrs. J. A. Hill, chairman, Miss Margaret Seewald of Amarillo, Floyd Studer of Amarillo, Guy Carlander of Amarillo, Albert Terry, Berl Elliston, Travis Shaw and Clyde Warwick. Names were chosen for a few formations which were well known to members of the committee.

Mr. Colp advised the committee to select names which would be significant of the formations found in the park, or in memory of the early pioneers of the Plains. Spanish and Indian names will probably be selected for many of the formations.

It is likely that some of the old Indian chiefs who roamed the Plains in early days will be asked to return and point out spots which will be given Indian names.

Signs will be erected giving the names, and these will be recorded on the official map of the Park.

Mr. Carlander, architect, is completing plans for the lodge and camps. Materials have been purchased for the first unit of the lodge, and it is contemplated that construction will start on this part within a short time. The plans for the lodge are now being inspected in Washington.

A. B. Holt Enters Race for County and District Clerk

A. B. Holt has authorized The News to make his political announcement as a candidate for County and District Clerk as follows:

I hereby make formal announcement for County and District Clerk of Randall County, Texas. I have lived in the county for more than ten years, during which time the greater part has been in the business of wholesale and retail oils. This business has brought me in contact with the majority of the people of the county. I have kept books for a number of years and feel that I am qualified for the office which I seek. If elected, I pledge to fulfill such in a way that will be a credit to the people of Randall County, as well as myself.

I am a Democcrat and have always supported the Democratic ticket. I solicit the support and influence of the good people of Randall county at the primary election on July 28, 1934.

A. B. HOLT.

R. W. Ratcliff of Pampa has spent the frist part of this week at his home here.

HOG RAISERS NAME MEN TO CONDUCT WORK

Contracts Will Be Completed During This Week

HAVE 4 DISTRICTS

Farmers Must Volunteer To Get Into the Benefits

The hog reduction campaign is under full swing in Randall county. Temporary committees are at work in the four commissioner's precincts of the county. It is expected that all contracts will be finished this coming week. Every farmer who is interested in this hog program and has not signed a contract is urged to see his committeeman at once. Every effort is being made to hold down the expenses of this campaign so that the deductions from the benefit payments will not be too large.

Every farmer whose contract is signed will be allowed to vote for committeemen.

Temporary committeemen who are serving without pay are:

Precinct one, Canyon, Henry Miller, L. D. Winn and Jim Rose.

Precinct two, Umbarger, Wm. Ash, Clarence Beckman, Warren R. Landrum and Carl B. Fuqua.

Precinct three, Sunny Hill, Alva Wise, J. W. Byrd and J. B. Fox.

Precinct four, Zita, L. B. Hammond, C. E. Colling and John Moody.

It is expected that about 250 contracts will be written in Randall County.

Jeff Wallace is employed temporarily in the County Agent's office to assist with the hog contracts.

Andy Walsh Named Secretary to Canyon School Board

Andy Walsh was elected secretary of the Canyon Independent School district at the meeting of the trustees Monday night. He succeeds John Guthrie, who has served the past two months. Mr. Guthrie accepted the recent appointment with the understanding that his term would end on March 1st. Private business caused Mr. Guthrie not to wish to continue in the office.

Mr. Walsh is with the highway department at the present time. He was manager of the Whiteway Station until a few months ago.

W. I. Gamewell was a business caller in Pampa Tuesday.

CWA Workers to Report Monthly

The following statement is made by H. S. Strain, county administrator of relief and CWA in Randall County, regarding registration for work:

"In order that we may have accurate information as to the number of unemployed persons seeking work through this office, effective immediately, applicants will be required to notify this office in person once every thirty days that they are available for work. If an applicant fails to notify this office during the thirty day period, his application card will be filed inactive and he will not be considered for employment."

Work Started On Bridge Work To Palo Duro Park

W. S. Crawford, contractor, started work on the bridge over Tierra Blanca Monday. Another crew will start this week on the bridge over Timber Creek.

Resident Engineer E. H. Gohmert states that he will decrease the number of men on the highway after this week waiting grading and caliche work until the bridge and culverts have been completed.

Men who are released from this job will be transferred to the road south from the high school.

Owing to the strike of truckers on the highway north of Canyon, 60 Randall county men replaced that number of Potter county men, and indications are that they will be kept at work on this project until it is completed.

Plainview Rotary Club Sends Twenty-five Tuesday

Plainview Rotary Club came to Canyon Tuesay night twenty-five strong for an inter-city meeting with the Canyon club. This was the first inter-city meeting of the year.

After welcoming the visitors, President Vet Ingham turned the meeting over to President Frank Day of Plainview who conducted the program. Frank will be recalled by many Canyon people as a student here in W. T. in 1916. He is a prominent lawyer in Plainview.

The program consisted of club singing, solos by Frank Day, specialty numbers by Guy Wood of Wayland College; selections by the Harmonica Band; and a pinch-hitting talk by Stoney Wall.

Doug Shirley expressed the appreciation of the Canyon Club for the splendid program.

Joe Hill announced the new deal in assisting worthy students at W. T. and invited Plainview to send some students who would be given jobs.

Boundary Settlement Between Randall and Potter Made in 1931

Many Randall county people wondered at a story appearing Sunday in the Amarillo News regarding the boundary line settlement between Randall and Potter counties. As a matter of fact this settlement was made in 1931. It was evident that the report just ran into this agreement and was misinformed as to the time of the boundary settlement.

At the time of settlement, surveyors were employed by both Randall and Potter counties to decide the line. Howard Trigg represented Potter and S. C. Williams represented Randall. Randall county gained considerable valuable property when the line was finally settled.

But this story was four years old before being published in the Amarillo paper.

HILL TO CLEVELAND MEET

Dr. J. A. Hill will leave Sunday for Cleveland, Ohio, where he will attend the annual meeting of the American Association of Teachers Colleges and of the Department of Superintendence of the National Education Association.

Professor F. E. Savage, and Superintendents R. B. Fisher of Pampa and Ferman Sawyer of Canadian will also go, the trip to be made in Mr. Sawyer's car. They will be gone about two weeks, visiting several school systems enroute.

Mrs. W. A. Baber and son of Wichita Falls spent last week at the home of Mrs. P. H. Baber near Canyon.

BIG BLAST MOVES ROCK AT THE PARK

6400 Cubic Feet of Rock Moved at Park Monday

SHOT COST $491.83

Labor of 28 Days For 25 Men in Preparing Holes

The largest blast of powder and dynamite ever set off in the Panhandle was discharged at the Palo Duro State Park Monday afternoon at 4:30, which moved 6400 cubic feet of rock.

The blast was set off after careful preparation of 28 working days by a crew of 25 men.

Sixty holes were drilled into the ledge of rock, 22 feet. Into these holes were placed 147 cans of black powder, weighing 25 pounds each, or a total of 3675 pounds. In addition, 225 pounds of dynamite was used. The total cost of the powder and dynamite was $491.83.

Of the 6400 cubic feet of rock removed by the blast, approximately 3900 cubic feet were lifted over the road bed, falling into the canyon. The steam shovel will remove the remaining 2500 cubic feet from the roadbed.

The shot was placed about half way down the canyon road on the ledge about 100 feet in height. The road was worked around this ledge in construction to the bottom of the canyon until this shot could be set to remove the great amount of rock which was almost overhanging the road, and which would soon have been dangerous to traffic.

The shot was carefully worked out, and attracted much attention at the camp. Most of the CCC men were on hand to witness this big event.

A spray of rock and dirt was sent hundreds of feet into the air, while the rising smoke formed a considerable cloud over the Palo Duro.

Major E. A. Kingsley, superintendent of the Park, is highly pleased with progress beging made on all lines of work now underway at the Park.

Final Figures Are Given On Wheat Allotment

A little review of the Randall County Wheat Allotment payments is furnished by the County Agent's office.

Total number of contracts sent to Washington, 686. To date, 674 of these have been paid, in full of the first payment, in the amount of $192,942.00. Of the 12 remaining unpaid, some were sent in late and some were returned for correction. 1048 checks were issued in payment on the 674 contracts. This indicates the number of landlords interested in the contracts.

The base acreage under contract in the county is 193,349 acres. The total base acreage not under contract is 26,530 acres. The contracts signed up call for a reduction of 31,662 acres in the county.

The largest single check received in Randall county was $2,232.60 and the smallest was $7.50. The average for the entire county was $182.73.

Another Teacher Named for Night School CWA Work

Mrs. Hubert Hartman has been added as the fourth teacher of the free night school being conducted at the high school. C. R. DeArmond, Mrs. Andy Walsh and Mrs. Wm. Robinson have been conducting the school.

A number of new students enrolled this week. Classes are progressing very well.

The school is a part of the CWA recovery program, and is open free to all citizens of the county.

BAGLEY HOME DAMAGED BY FIRE THURSDAY

The home of H. W. Bagley on Sixth avenue was badly damaged by fire Thursday. The building caught in the second story and had made considerable headway before it was discovered.

PANHANDLE MEMBER 1933 PRESS ASSOCIATION

Sheriff and peace officers in their annual convention at El Paso last week deplored the lack of co-operation on the part of the public in reducing the crime wave. The peace officers have a real kick to register against the attitude of the public. Simmered down to the real facts, the peace officers have very little to do in the final settelling of this crime business. In the first place, the officer must be informed of law violations, or chances are that he will be unable to apprehend the criminal. A very small percent of our people will report law violations. In the second place, grand juries must indict, or the criminals will go free. Sometimes good citizens will refuse to recognize their duty toward society and will not vote to indict the law breakers. In the third place, many citizens will refuse to accept jury service if there is any chance of evading this service, and will not vote to convice the criminal unless the evidence is overwhelming against him. In the fourth place, the peace officer usually finds public sentiment lined up in favor of the criminal as soon as arrest is made. While the public cries out loud and long for law enforcement. Mr. Average Citizen is not interested to the extent of putting himself out in the least to assist the officers. The officer who is willing to risk his life to arrest the criminal does his full duty to society. The burden is then up to society to see that the criminal is placed behind the bars, and kept there. The maudlin sentiment of "turn the poor man loose," is expressed in our jury system, and further expressed in the many and numerous appeals made to governors for the release of the prisoner who happens to be so unlucky to find his way behind prison walls.

Washington officials announce that PWA gift-loans are discontinued owing to the fact that practically twice as many applications are pending as there is money available. So far as that is concerned, very few loans have been made and accepted in Texas. The governmental red tape has so bundled up this method of procedure that it is practically impossible to get through a loan. While it is probably correct, as charged, that much CWA money has been waste, through local administration and enterprises, it may likewise be charged that the government has wasted much of the PWA funds through foolish red tape, and excessive time in investigations.

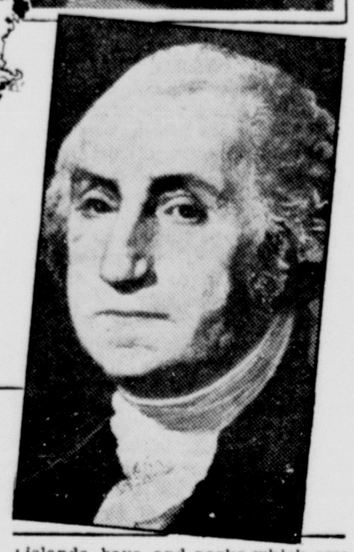
The Fergusons are not getting along very well with this session of the legislature. It is suspected that the main reason for this special session was to make it possible for the Fergusons to control the relief commission. The House has refused to pass a relief measure meeting the demands of the administration, and the relief board has ousted the state administrator, a close friend of the Fergusons. It looks like a complete change in the set-up for relief administration in the state without Ferguson influence and for the benefit of the people in general.

Since the French are armed to the teeth and wanting to whip somebody, perhaps it is as well that they start in tearing at each other's throats. At least they will not be attempting to borrow more money from Uncle Sam to finance a revolution.

The legislature passed a "permanent" automobile payment time bill, fixing the date as March 31st. This "permanent" date has been changed three times in the past four years. Probably the next legislature will set another "permanent" date.

If you want to see Canyon grow, trade at home. If you want to build another town at the expense of Canyon, spend your money there.

Name of First President Immortalized In "Washington"-Dotted Map



One of the nation's outstanding memorials to George Washington is the United States capital, Washington, D. C., an air view of which is shown above. In the map, all of the counties, townships, harbors, rivers, etc., named after the great general, are indicated in black. A reproduction of Stuart's famous painting of Washington is shown at right.

"FIRST in the hearts of his countrymen," George Washington, it seems, similarly was first in the minds of his countrymen when it came to naming newly created towns, counties, and townships.

A foreigner, unfamiliar with American history, must wonder who this man "Washington" was, whose name appears so frequently in any map or directory of the United States.

In Ohio, for instance, one can travel through one Washington township after another without touching any great amount of territory bearing any other name. From a 10,000-foot peak in California, he could view, beneath him, a mountain bearing the historical name. And the highest of the White Mountains in New Hampshire possesses the name of the "Father of His Country."

By actual count, 28 cities, towns and villages in as many states bear the first president's name. Many other places have names which honor him indirectly. Among these, for instance, are Washington Grove, Md.; Washington Heights, Ill.; Washington Hunt, N. Y.; Washington Junction, Me.; Washington Lane, Pa.; Washington Borough, Pa., and Washingtonville, N. Y.

• • •

THIRTY-TWO states—two-thirds of those of the nation—contain Washington counties. Even little Rhode Island, with its five counties, has seen fit to name one of them after the great general. And the townships bearing his name are legion.

Listing all the rivers, lakes, islands, bays, and parks which owe their name to George Washington would be a severe task for anyone. And the number of Washington streets and Washington avenues must run into the thousands.

Perhaps the most outstanding memorials to the first president are the state of Washington and the capital, Washington, D. C. The latter was given his name while the general still was living.

A survey of the nation's map reveals that the country literally is spotted with Washington this and Washington that. As the February 22nd anniversary of the great leader's birth rolls around again, American citizens are gratified to recall that in this way, at least, the name of Washington has been perpetuated, and the immortality of his deeds assured.

Hoover Aide in Senate Quiz

His refusal to let the Senate airmail investigating committee see his confidential correspondence resulted in William P. MacCracken, above, assistant secretary of commerce under President Hoover, being charged with contempt of the Senate. The Senate committee's revelations have brought rumors of graft and irregularities in connection with airmail subsidies and government contracts.

Jowell Items

Weather threatening, but no moisture yet. A rain or snow is much needed.

Verba Fae, seven months old daughter of Mr. and Mrs. Hermon Robertson died at their home Wednesday afternoon. The baby has been in ill health since birth, but pneumonia was the cause of her death. Funeral services were conducted in the home by Rev. J. H. Hicks. Interment was in the Dreamland Cemetery. The heartfelt sympathy of the entire community goes to the parents and loved ones in their bereavement.

Mr. and Mrs. Bill Wesley and son spent the latter part of the week in Memphis with Mrs. Wesley's mother, Mrs. Rogers.

Mr. and Mrs. O. M. Scott were business callers in Amarillo Friday.

Mildred and Billie Scott and the Smith children spent Thursday with Melvin and Abbie Leavitt.

Mr. and Mrs. O. M. Scott and family visited in the V. E. Dodson home Sunday.

Mr. and Mrs. Earl Davis and family spent Sunday in Canyon with Mrs. Burtz.

Rusk Quizzes

Miss Maude Dawdy, Willie Mae Babb and Vada Bazzelle of Plainview spent the week end in the H. W. Dawdy home.

Mrs. G. W. Williams and son and Mr. and Mrs. Raymond Wagner of Leedey, Okla., spent Thursday night with Mr. and Mrs. O. A. Smith and family.

Mrs. J. T. Sykes visited Mrs. Clarence Stallings Thursday afternoon.

Ernest Sykes has been quite ill the past week.

Mr. and Mrs. Rex Roby visited Sunday afternoon with Mr. and Mrs. C. L. Neelley and family.

Mr. and Mrs. Nunnley of Seymour spent Sunday with their daughter, Mrs. Virgil Dawdy.

Mrs. J. T. Sykes and children, James and Ernest, were shopping in Amarillo Monday.

News in Canyon 25 Years Ago

(Taken from the files of the Randall County News of Feb. 12, 1909)

The first rural route in the Panhandle was approved to run west from Canyon. Final inspection was made by Postmaster Oscar Hunt of the boxes and condition of the roads over which the route will go.

The Baptist congregation has started to raise $15,000 for the erection of a new church.

A petition was filed with the commissioners court to place a clock in the dome of the new court house, which is nearing completion.

Plans for the new First National Bank building were approved as drawn by the architect.

Henry Gamble arrived from Cleveland, Tenn., to be associated with the Canyon Supply Co.

Rev. W. J. Gregory, father of Mrs. C. T. Word, was burned to death at Chico while attempting to save his home from flames.

Burette Burrow came from Quanah to be associated with his brother, C. R. Burrow, manager of the Canyon Lumber Co.

Road overseers were appointed by the commissioners court as follows: C. M. Meeks, Jesse Pierce, Frank Wurster, I. W. Scott, E. M. Cornell, Thad Cobb, J. B. Dick, R. E. Foster, Joe Gamble, M. O. Slack, J. M. Craig, J. E. Nunn, Sam Wiggins, W. E. Bennett and Charles Atkinson.

W. E. Lair called a meeting to organize a local band.

The first prisoner in many months was placed in the county jail, a Mexican charged with intoxication.

EDNA BAKER
(The Attorney's Wife)
SAYS - -
"My Gas Refrigerator Changed Our Argument"

Paul Baker, the attorney, will substantiate every argument he makes in court, but when talking to friends he's human like the rest of us and apt to base his opinions on what someone said. That's why he and his wife Edna, classed themselves with those who felt they were paying too much for gas. The Bakers have used gas for cooking and water heating so long that they lost all idea of its value as compared to substitute fuels.

Several months ago Paul gave Edna a new gas refrigerator for her birthday. They were surprised to find that its operation required no more than 1000 cubic feet of gas a month, for which they paid 67½ cents. Since 1000 cubic feet of gas will give three dollars' worth of service, they value it at that amount for this purpose. No longer do the Bakers complain about the price of gas. Instead, they praise gas service as their greatest bargain.

By turning to gas refrigeration you can prove to yourself that gas is worth three dollars for this purpose. By comparing the value of gas with substitute fuels for other uses you will find it to be worth $2.50 per 1000 cubic feet for cooking and $1.25 for water heating. These amounts are much higher than the price of gas in this community

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL
And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel dow- and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at drug stores. © 1931 C. M. Co.

ELECTRICAL CURRENT BRINGS YOU MANY HAPPY HOURS

Have you ever stopped to consider what the mere operation of inserting an electric plug into an outlet will perform. With the click of the switch the room is flooded with light; attached to a vacuum cleaner and the rugs are rendered free from dust and grime; attached to a toaster, a grill or a percolator and the breakfast is prepared . . . attached to a range and a full meal is cooked . . . or heater that throws cheerful heat throughout your den or living room.

In the laundry that was ordinarily a half-week's work, is done in a day through the use of washers, mangles and electric irons. Your radio provides music to your order by electric current. Your refrigerator is in constant operation and a score of other services are all assured when electric current is provided in your home. Is it any wonder that modern builders provide at least two or more outlets in every room when the cost of installation is small and the cost of operation of these appliances is only a few cents a day?

Texas Utilities Co.
"YOUR ELECTRIC SERVANT"

NOTED DANCER WILL APPEAR ON THURSDAY

Ruth St. Dennis Is Inspiration For Many

INTERPRETS ORIENT

Wells Hively To Assist By Giving Solo Numbers

Ruth St. Denis, world renowned dancer who will appear on the lyceum platform here on the evening of February 15, has been called the fount of inspiration for dancers the world over. Long regarded in the Occident as the foremost interpreter of the dances of the Orient, Miss St. Denis has furnished inspiration for the thousands of students who have flocked to her for her instruction. In a tour of India she was widely acclaimed by the East Indians for her beautiful interpretation of a native Nautch dance, one of the numbers which will be included in her program here.

Assisted by Pianist

On the occasion of her appearance in Canyon, Miss St. Denis will assume for the first time locally the role of both lecturer and dancer, following a talk on "The Dance as a Cultural Force" with a group of her famous dances. She will be assisted by Wells Hively, concert pianist, who will offer examples of the modern French school by Faure and Ravel. We know Ravel through his "Bolero," embodying the now famous rhumba rhythm of Cuba.

In scanning the annals of the dance for the past twenty years, three names are pre-eminently outstanding,—Anna Pavlowa, Isadora Duncan, and Ruth St. Denis. Unhappily Mme Pavlowa and Miss Duncan have made their final bows to an admiring public, but fortunately Ruth St. Denis remains to carry on the tradition of that period of renaissance. Pavlowa revived interest in the classic ballet and restored it to its former high estate, but St. Denis and Duncan sought new forms of dance expression, or rather forms which —while centuries old—were utterly strange to Occidental eyes. More than any others of their nationality they awoke their countrymen to a fresh appreciation of the inherent beauties of the oldest of the arts.

To an extent unparalleled by any other American, Miss St. Denis has carried her rare and beautiful art into the most remote corners of the world. England, France, and Austria were prompt to acclaim her after her American debut and her success in Germany was such that she danced there for two solid years. Even the lands of the Orient—India, China, Japan, Siam, Burma, Java Straits Settlements, and Ceylon—have been forced to admit that as an interpreter of Oriental dances, she far excels their native artists in dances which had their origin in those far away countries.

Has Sense of Humor

"She possesses," says one of the eminent critics of tody, "two traits that seem to distinguish American dancers particularly—a sense of character and a sense of humor. Everything that she does is not only a dance, but a portrait of a dancer, a small, clean-bitten etching in which not an essential is missing and not a detail is overstressed."

Miss St. Denis will find ample opportunity for the expression of these two traits in her lecture and in the following group of dances. Her feeling for characterization will have wide scope in the lovely measures of a Brahms waltz, as a ballerina of centuries long past in Angkor-Vat in her "Dance Cambodian," and as an East Indian woman in a native Nautch, danced to an arrangement of original Indian airs made by Alexander Alexay. Mr. Hively will give several solo numbers. The complete program will be as follows:

Part I

Lecture—"The Dance as a Cultural Force"—Ruth St. Denis.

Waltz ..... Brahms
Ruth St. Denis

Intermission

Part II

Nocturna ..... Faure
Barcarolle ..... Faure
Wells Hively

Dance Cambodian ..... Berge
Ruth St. Denis

Sonatina ..... Ravel
Wells Hively

Native Nautch—Native Airs, arr. by Alexander Alexay
Ruth St. Denis

The program will begin at 8:15 in the auditorium of the College administration building. Admission will be 50 cents and $1.00 for visitors; blanket tax for students.

Here Thursday

RUTH ST. DENIS

Ruth St. Denis, internationally known dancer, who will appear on the lyceum stage of the College Thursday evening, in a dance-recital. She will be assisted by Wells Hively, well known pianist.

Locale, Principals of French Crisis

Revolution, and the fall of its republican government, menaced France when mobs of furious Parisians—war veterans, students, and tax-ridden citizens—battled police and troops on historic Place de la Concorde, shown above. The revolt grew out of dissatisfaction with the government following the Bayonne municipal pawnshop scandal and the revelation that the French public had been swindled of $40,000,000. At left is Premier Edouard Daladier, who fought during the crisis to maintain his new cabinet in the Chamber of Deputies. Serge Alexandre Stavisky, promoter who headed the Bayonne municipal pawnshop, is shown at right. Shortly after the scandal broke, he committed suicide.

Visitors Number 25,000 At Museum

Mrs. J. L. Stutts Is Presented Copy Of "Review"

In the less than ten months since its opening April 14, 1933, the Panhandle-Plains Historical Society Museum has been visited by twenty-five thousand people. The registration reached this number Friday afternoon, February 9. Mrs. J. L. Stutts, a member of a school group from the Kaffir School between Happy and Tulia, was the 25,000th visitor and was presented with a copy of the Panhandle-Plains Historical Review.

Many Students Visit

This school, the second to visit the museum this week, is typical of a large portion of the visitors. This is probably due to the fact that officials in charge of the museum have extended special invitation to schools. The majority of the visitors are the people who have built the museum, the cattlemen, the wheat farmers, the people who live in the Panhandle-Plains country, people who are proud of the result of their work, and who are enjoying it.

From Foreign Countries

Not only are the visitors from this section but from other states and other countries. It is not uncommon for people from ten different states to visit the museum in one Sunday afternoon. From China, Argentina, Mexico, France, New Zealand, Albania, and many other countries, have come people to visit the States, who during their stay, have been to see the exhibits in the Historical Museum. Distinguished scientists, interested in archaeology and paleontology, and writers interested in local color or historical traditions of the region have visited the natural, scientific, artistic, or literary exhibitions.

The bulk of the people who visit the museum to see special exhibitions, new collections or those lent the museum are W. T. college students and Canyon people. Many people who were guests of different individuals living in Canyon have been to visit the museum at the same time.

The strong interest of people in the museum, shown by this unusually large number of registrations, should satisfy the instigators of the museum, the people who built it, that their work was really worth while.

The discovery in this region of a new field of archaeological material will undoubtedly increase the value of the collections now in the museum.

About the time man becomes fit for self government, he longs to govern the other fellow.

No matter who starts the ball rolling, it's the fellow who keeps up with it that gets the gravy.

Fairview Breezes

Weather quite cold and foggy, but not enough moisture to help much.

The Wayland band was with us Saturday night and Sunday.

Those on the sick list the past week, Mrs. Charley Odom, Mrs. Albert Wesley, Dorothy and June, Mrs. Sharp, and Mrs. E. M. Wilson and children.

Othell Wesley and Annie Washburn accompanied the college band to Fairview and spent the night with home folks.

Lest you forget, Friday night is literary night, old folks entertaining. We will stage two plays, "Let the Wedding Bells Ring," played by fifteen men, and "Mrs. Apple and Her Corps," played by ten women.

Mrs. Belle Washburn and Mr. and Mrs. J. W. Wesley motored to Plainview Sunday night and visited Elvin and Othell Wesley and Annie Washburn and returned home Monday afternoon.

Artie Brawner spent Sunday night with Jimmie Carr.

Rev. John Scott was a visitor in the J. W. Wesley home Monday.

Turner Stockett has a very sore hand caused from sticking a piece of tin in his hand.

Pete Sutton was a caller in Canyon Tuesday.

Charley Sutton has a very sore foot.

In his youth, George Washington is said to have thrown a silver dollar all the way across the Rappahannock. The first instance in history of a pegged dollar.

Perhaps the stingiest man known is the one who refuses to look thru his windows because he is afraid he will wear them out.

GET UP NIGHTS?
USE BUCHU AND GIN
Make This 25c Test

It is as valuable to the bladder as castor oil to the bowels. Drives out impurities and excess acids which cause the irritation resulting in getting up nights, burning, frequent desire, leg pains and backache. On account of the alcohol use juniper oil from which gin is made. Ask for Bukets, the bladder laxative also containing buchu leaves, etc. After four days, if not pleased your druggist will return your 25c. You are bound to sleep better after this cleansing. City Pharmacy says Bukets is a best seller.

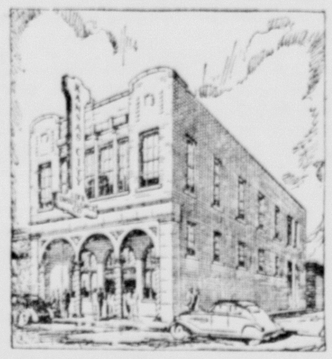
PRESBYTERIAN CHURCH

Sunday School at 9:45.
Morning worship at 11.
Christian Endeavor at 6:45.
Evening worship at 7:30, theme "The Rosary."

An instruction class for children who will begin in Sunday School next Sunday, taught by Mr. Dickey. This is instruction leading to church membership. The class will meet in the study at 10:10.

We are planning a week of special "Holy Week" services to begin on Palm Sunday, March 25. Keep this date in mind.

Texas Agency Established 1905



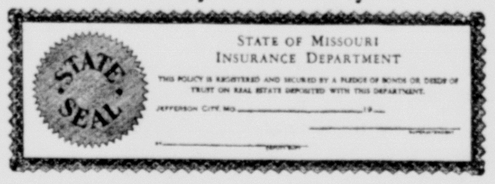
The O. Sam Cummings Agency Building, Dallas

KANSAS CITY LIFE INSURANCE CO.

A Strong Company

Included in the Total Assets of $72,681,922.86 are $9,478,243.26 of Surplus Assets for added protection to Policyholders. These Surplus Assets, which are in addition to the $61,310,401.00 Legal Reserve deposited with the State of Missouri, constitute a Safety Reserve amounting to 13.18% of the Total Assets—an unusually high proportion—testifying to the great strength of this Company, which, in 1934, celebrates its 29th year of continuous, faithful service to Texas citizens. A detailed financial statement is available on request.

Added Safety for Policyholders



EVERY POLICY REGISTERED

Reproduced above is the Certificate of Registration placed on every Kansas City Life policy by the Insurance Department of Missouri. Every Kansas City Life policy is now, and always has been registered by the State of Missouri. Securities, approved by the State, are deposited with the Insurance Commissioner, supplementing the protection of competent management which has served policyholders continuously for thirty years.

Agency Opportunities

EVENTS AT THE LITTLE HOUSE

Recent interesting gatherings at the Little House of Fellowship have been a supper given for the Students' Religious Council, at which sixteen representatives of young peoples organizations of six different religious bodies in Canyon were entertained. Mrs. Page was assisted in this hospitality by Miss Mattie Mae Swisher. Miss Mildred Bessire acted as chairman of the business meeting, and Miss Dorothy Gore led the devotional. Revs. J. O. Quattlebaum and James Willeford, and Miss Mary Moss Richardson were present, and each contributed to the impromptu program. This organization is representative of most of the religious activities of the campus, and sponsors many worth-while events.

The following Sunday night, after the church service, twenty-two young people and faculty members called at the Little House to meet the Rev. Lewis Sperry Chafer, of Dallas, who had impressed them all by his wonderful sermon and saintly presence and personality. Being a college president himself, he is naturally deeply interested in students, and wins them by his social charm, as well as by his deep consecration.

Last Monday afternoon, the Girls' Glee Club, of which Miss Pauline Brigham is director, were guests of Mrs. Page for a regular meeting of their club, followed by a Valentine tea. A group of lovely choruses was sung by the twenty-eight students present, and during the social hour, Miss Brigham presided at the tea table, assisted in the serving by Misses Margaret Pierle, Katherine Robinson, Marie Park, and Mary Reeve. The Little House was decorated with many hearts and potted plants, and the tea table was adorned with a maroon and white cloth, carrying out the W. T. colors, and lighted by red tapers. Souvenir valentines were given each guest.

AS YOU LIKE IT CLUB WITH MRS. F. E. SAVAGE

Mrs. F. E. Savage was hostess to members of the As You Like It Club Thursday at her home at 2110 Fifth Avenue. The Valentine motif was used as a decorative idea in the game tallies and in the refreshment course which was served at the tea hour.

Those present were: Mrs. John Fry, Mrs. Clyde McElroy, Mrs. N. E. McIntire, Mrs. T. M. Moore, Mrs. Charles Flesher, Mrs. L. Angel, Mrs. J. J. Walker, Mrs. C. M. Presley, Mrs. A. W. Sternenberg, Mrs. C. A. Murray, Mrs. Harris M. Cook, Mrs. Frank R. Phillips, Mrs. A. M. Meyer.

SUNNY HILL H. D. CLUB WITH MRS. CASTLEBERRY

The Sunny Hill Club met in an all day special meeting Jan. 13 at the home of Mrs. Lela Castleberry. The day was spent in quilting. At noon a covered dish luncheon was served to the following: Mrs. Clarence Stallings, Mrs. George Lash, Mrs. Carroll Bray, Mrs. Jim Knox, Mrs. A. E. Wise, Mrs. Henry Ratjen, Miss Lois Moreman, Mrs. Lee Jennings, Mrs. Charlie Stallings, Mrs. R. B. Gist, Mrs. Melvin Miller, Mrs. Edd Peters, and the hostess, Mrs. Lela Castleberry.

GARRISON H. D. CLUB POSTPONED

The Garrison Home Demonstration Club for February 8, was postponed until the next meeting, Feb. 22.

It will be an all day meeting on foundation patterns, with Mrs. C. O. Hayes as hostess.

ZITA H. D. CLUB MET TUESDAY

Foundation patterns were checked by Miss Sadie Kate Bass at the all day meeting of the Zita H. D. Club at the home of Mrs. John Moody, Tuesday, Feb. 13th. Five patterns were perfected during the day.

During the afternoon a business meeting was held. At this time plans were discussed for making some money to send a representative to the short course in July.

All members are asked to turn in their first six months report to their demonstrators at the next meeting.

At noon a delicious covered dish luncheon was served to: Mrs. B. M. Hill, Mrs. M. H. Rockwell, Mrs. Bailey McCormick, Mrs. Charles Stewart, Miss Ina Stewart, Mrs. E. M. Elliott, Mrs. Eula Watson, Mrs. J. P. Upchurch, Mrs. Lawrence Stewart, Mrs. H. B. Hales, Mrs. Pewitt, Mrs. D. C. McCormick, Mrs. Marie Dorman, the hostess, Mrs. John Moody. Miss Esther Root dropped in after school to visit the club.

DAY OF PRAYER AT PRESBYTERIAN CHURCH

The Woman's Auxiliary of the Presbyterian Church are sponsoring the World's Day of Prayer on Friday, February 16, in the basement of the church, the program beginning at 10 o'clock a. m., and lasting until four o'clock p. m. A covered dish luncheon will be served at noon.

The churches all over the world are observing this special day of prayer. As the sun goes down on the Christians of the Eastern World who have observed the day of prayer, so will the sun be rising on the day of prayer for the Christians of the Western World. All who desire to meet at the Presbyterian Church and observe this day are cordially invited to come.

Prayer is needed for the peace of our own community, our nation and our world.

EDGETOWN CLUB WITH MRS. G. L. BAILEY

The Edgetown Home Demonstration Club met Friday at the home of Mrs. G. L. Bailey for an all day meeting. Miss Bass demonstrated the cutting of waist and sleeve patterns, and the day was spent by the members in cutting and refitting these.

At the noon hour a bountiful lunch was served with the covered dishes brought by the guests. In addition to the eleven members who were present, three visitors, Mrs. T. V. Slack, Mrs. E. Gidden, and Mrs. Sarah Blackburn attended. Mrs. F. M. Brazil will be hostess to the club at its next meeting date on February 23.

LAKESIDE H. D. CLUB MEETS

The ladies of the Lakeside Home Demonstration club met at the home of Mrs. Roy Campbell for an all day meeting, Feb. 7.

Miss Bass was there to help alter our foundation patterns. Four new patterns were made and three old ones checked and altered.

Mrs. Ralph Jones was taken in as a new member. There were seven members and one visitor present.

The next meeting will be with Mrs. Albert Byars, Feb. 21. Everyone is invited to be there to make and check skirt patterns.

It's time to use George Washington party goods for your parties. See the patriotic party helps at Warwick's.

MRS. BILL SMITH ENTERTAINS CLUB

The Valentine motif was used attractively in the party given by Mrs. Bill Smith at her home Friday afternoon when she entertained the Friday Afternoon Club. Valentine greeting cards with the name of another guest were drawn for score cards. At the refreshment hour, a tempting course, consisting of toasted raisin bread in heart shape, tiny hot ham sandwiches, pralines and tomato juice, was served in white china decorated with red heart stickers. Valentine napkins were used to further the decorative idea.

Seated for the games were: Mrs. J. W. Kleinschmidt, Mrs. C. L. Thompson, Mrs. M. S. Bishir, Mrs. Guy Harp, Mrs. T. H. Knighton, Mrs. Clyde Warwick, Mrs. Dan Sanders, Mrs. R. A. Neblett, and Mrs. W. C. Black.

MARILYN MOSES HONOREE AT PARTY

It was to honor little Marilyn Moses, who is leaving the city soon, that Master Tom Knighton entertained a number of his friends Wednesday afternoon of last week at the home of his parents, Mr. and Mrs. T. H. Knighton. The afternoon was spent in playing out of door games and in skating. Later the children were invited into the dining room where ice cream and cookies were served.

Those present were: Marilyn Moses, honoree, Peggy Bishir, Jean Marie Kleinschmidt, Joy Frances Cain, Francis Vaughan, Martha Frances Campbell, Betty Ruth Apple, James Thomas Harp, Sam Johnson, Bobby Wood, Harold Donnell, Clarence Eugene Thompson, T. M. Moore, Jr., Andy Walsh, Jr., and the host, Tom Knighton.

PRISCILLA CLUB ENTERTAINS HUSBANDS

In keeping with the annual custom, the members of the Priscilla Needle Club entertained their husbands at a Valentine bridge party at the home of Mr. and Mrs. J. L. Duflot Wednesday evening.

Hand made tallies in heart designs were used for the games which were played at five tables. At the refreshment hour a tasty plate lunch was served.

Present were: Mr. and Mrs. Carl Scott, Mr. and Mrs. G. A. Farlow, Mr. and Mrs. R. E. Ball, Mr. and Mrs. Mitchell Jones, Mr. and Mrs. Forrest Ferrell, Mr. and Mrs. A. K. Goodman, Mr. and Mrs. M. L. Saddoris, Mr. and Mrs. J. J. Walker, Mr. and Mrs. J. M. Daugherty, Mrs. C. M. Presley, and the hosts, Mr. and Mrs. J. L. Duflot.

LAS SENORAS NUEVAS WITH MRS. WILLIAMS

Mrs. Owen Williams was hostess at an enjoyable party Wednesday afternoon when she entertained Las Senoras Nuevas at her home. Four tables were placed for bridge in the entertaining rooms.

Following the play, an appetizing plate lunch was served to the following: Mrs. M. L. Saddoris, Mrs. Hud Prichard, Mrs. Claude Moore, Mrs. Aubrey Fox, Mrs. George Nance, Mrs. J. M. Daugherty, Mrs. Jim Rose, Mrs. Tom Brasher, Mrs. J. D. Gamble, Jr., Mrs. A. K. Goodman, Mrs. Ray McReynolds, Mrs. Glenn Costley, Mrs. R. E. Ball, Mrs. Mitchell Jones, Mrs. Harry Wood, Mrs. Winfield Miller.

T. E. L. CLASS WITH MRS. KNIGHTON

Climaxing the activities of their class visitation week, the T. E. L. Class of the Baptist Sunday School met at the home of their president, Mrs. T. H. Knighton, last Thursday afternoon, for a social. Mrs. M. Golden and Mrs. T. S. Furlow assisted Mrs. Knighton in the entertaining. Games and contests were the diversion of the afternoon, with tea and sandwiches being served afterward.

Those present were: Mrs. A. K. Goodman, Mrs. Mark Laughery, Mr. T. S. Furlow, Mrs. Lott, Mrs. C. C. Stidham, Mrs. T. S. Stevenson, Mrs. Wester, Mrs. M. Golden, Mrs. J. H. Cox, Jr., Miss Hattie M. Anderson, teacher, and Mrs. Knighton.

JUNIOR WOMAN'S CLUB MET MONDAY AFTERNOON

"Period Furniture" was the subject of the program at the Junior Woman's Club which met Monday afternoon. With Mrs. Levi Cole as leader, the subject was discussed under the following heads: "Italian and Spanish Renaissance Furniture," "Louis XIV Furniture," "Queen Anne Furniture," "Chippendale, Hepplewhite, Sherator and Adams Bros. Furniture" and "American Colonial Furniture," by Mrs. Cole, Mrs. J. A. Edwards, Mrs. Aubrey Fox and Mrs. M. L. Saddoris.

At the business meeting Mrs. Carl Scott was appointed to act as Federation Counsellor. The club accepted the invitation of Mrs. J. A. Hill to meet in her home for the next meeting. A social will follow the lesson study.

CITY FEDERATION IN MONTHLY MEET

The City Federated Club met Wednesday afternoon at its regular meeting in the Federated Club room. Mrs. H. O. Price, chairman of the community chest committee, reported the number of articles of clothing and other necessities that had been distributed through the chest fund.

Report was made on the progress of the games tournament which is being sponsored by the Woman's Book Club and the Junior Woman's Club for the benefit of the Randall County Public Library Wednesday, February 21.

BIRTHDAY LUNCHEON AT SCHRAMM HOME

It was to honor Mrs. Kermit Schramm and her mother, Mrs. C. W. Price, both of Borger, on the anniversaries of their birthdays that Misses Olive and Belle Schramm entertained at luncheon Friday. Guests were Mrs. Kermit Schramm and Mrs. Price, Mrs. Earl Crist and Mrs. Patricia Kellough of Amarillo, and Mrs. B. Brewer and Miss Emil Brewer.

MISSIONARY SOCIETY TO MEET FEB. 20

The ladies of the First Methodist Church will meet Feb. 20 with Mrs. Loudder. The program will be taken from the World Outlook, on childrens clubs. Mrs. J. T. Huckabee of Amarillo, District Secretary of Children's work, will be the principal speaker.

WOMAN'S BOOK CLUB MET WEDNESDAY

Norwegian Literature was discussed Wednesday afternoon at the regular meeting of the Woman's Book Club. "Norwegian Literary Awakening since Ibsen" was presented by Mrs. C. A. Murray; Miss McMurtry reviewed the life of Sigrid Undset as Norway's leading contemporary writer; and Mrs. Dan K. Usery reported on the book, "The Burnish Bush" by Sigrid Undset.

Mrs. W. P. Avriett of Lamesa, district president of the Women's Federated Club, talked to the club about the aims for the coming year. Approximately twenty-five club members were present.

Sunny Hill News

We have had a lot of fog and mist but no moisture to help the wheat.

Mr. and Mrs. Ralph Bryan visited Mr. and Mrs. Henry Ratjen Sunday afternoon.

Mr. and Mrs. Rex Roby visited in the Neeley home in the canyons Sunday. They attended church in Canyon Sunday night.

Mr. and Mrs. George Cope and children were dinner guests of Mr. and Mrs. Ralph Bryan Sunday.

Carl and Iola Fox are very proud of the new baby sister who arrived this week.

Mrs. S. L. Robinson, Mrs. Glenn Dowlen and Mrs. Otto Lehnick are working in Canyon this week.

Why your neighbors are saying...

"Put back my Telephone"

Every day former users of telephone service ask us to re-connect their telephones. Here are some of the reasons they give:

"My husband is working again . . . we missed the telephone more than anything else."

"We thought we would save money, but found it false economy to be without a telephone."

"... I found that running my household required at least three more hours a day."

"Frankly, we were beginning to be 'back-numbers.' Our friends couldn't call us, nor we them."

"... I didn't like to think of my wife and youngsters at home without a telephone. I kept worrying about fires, hoboes, accidents ... they had no protection."

THESE people have realized how much they missed the convenience, pleasure and security that a telephone gives.

• Do you miss *your* telephone? Call the telephone business office, now. Say, "I want a telephone."

C.C.C. CAMP NEWS

By Nugent L. Lowrey
Company 1828

Definite reports have now been received to the effect that another year of CCC work will begin April 1st, the third enlistment period to be for six months, and that men now serving in this activity will have an opportunity of re-enlisting. For a while, there was some discussion as to whether the Veterans' CCC would be a part of the new organization; however, President Roosevelt in reviewing the performance to date with Director Robert Fechner, included the Veterans' contingent in the total number to be assigned for another year of work. Colonel Coppock has expressed himself as being enthusiastic toward building the present four companies at Palo Duro up to capacity quota at the beginning of the third period in April.

A great deal of activity has been in progress on the State Park project during the past week. Three enormous dynamite shots have been made, one of them being at the first turn in the highway leading down to the Canyon bed. This shot was made on Monday afternoon, so as to enable the crews to widen the road. The process of widening the road already built has begun, and by April 1st, visitors will be surprised at the improvements made.

It is also encouraging to see the main highway leading from Canyon to Palo Duro now being worked on near the camp.

Since Chaplain Ramage went to the Station Hospital at Fort Sam Houston three weeks ago due to a nervous strain, Lt. L. A. King of Company 1824 has been acting in the capacity of Recreation Officer, assisted by a Committee of three from each Company. As Lieutenant King has lived in this section of the state for a good many years, and as he attended W. T., he has brought to the camp several enjoyable programs from Canyon. Recently the Public Speaking department of the College rendered a pleasing program for the men of the camp; Miss Mattie Mae Swisher brought the Methodist Choir out for an excellent program; the College band furnished a fine musical entertainment; Mrs. T. V. Reeves gave an interesting talk on "The Small Towns of Texas," in which discourse she gave some interesting facts of history; and Rev. Quattlebaum of the Methodist church brought a fine religious program; and several others from Canyon have come to the camp recently.

Each individual company is again this week giving programs of entertainment, featuring camp musicians and actors. The colored men of the organization gave a splendid program on last Wednesday evening.

A dance is being arranged for the evening of February 22nd, the scene to be Camp Recreation Building. The function is being given by the men of the camp for the men of the camp, only ladies of the community being invited. Each company is making a list of invited ladies, and transportation to the full capacity of the camp will be furnished on that night. The occasion is expected to be most highly enjoyable. Colonel Coppock has entered into the arrangement full heartedly; and he has been acting as chairman of the dance committee. The officers and their wives will take a prominent part, refreshments will be served in ample amount, an orchestra has been arranged for, and the dance is to be conducted in a most orderly manner. Guards from each company will be on duty to keep order and to assist in escorting and furnishing information.

Coming Styles Cast Shadows Before

WITH NAVY BLUE MOST POPULAR COLOR, SPRING STYLES WILL HIGHLIGHT UNUSUAL SLEEVE, NECK TREATMENT

BY HARRIET

SPRING styles, from present indications, will include such high lights as waist-length suit jackets, long sleeves that are wide over the elbows, and three-quarter sleeves of the balloon type.

Circular flounces will be seen on the front of skirts for daytime wear and everything will have a windswept look about it. Ruffled jabots and other intricate forms of neckwear will look "bunched" at the throat or chest.

Collars that fit smoothly across the back of necklines will look thrust forward in front.

Navy blue will be the most popular suit color for spring. Black, brown, Martini green, gray, and beige will follow in the order named.

Blouses are all-important. Instead of wearing brown and black shirts as you did last spring, you'll go in for vivid blouses of taffeta, plaid tie silks, chintz, and, of course, linen and organdy.

• • •

SPRING dresses will call attention to their necklines. Bibs—yes, regular nursery bibs—are smart. And collarettes, fichus, enormous bows, and the like will hide the front of your throat.

Black is an excellent choice for your first spring frock. You can lighten it with white or pastel-colored touches. After black, navy blue, grayish pink, beige, grayish green, and brown are popular. Don't overlook greige. It's a handsome shade of grayish brown.

Accessories to wear with suits and dresses never have been more fascinating. Don't get a navy blue suit and accessories to match. Contrast is the thing this year.

It's much smarter to wear clay accessories with navy blue, just as British women do. Let your hat be navy blue, but get clay-colored gloves, bag, and shoes.

Wear light-colored hose. They're grand with dark suits, particularly with navy blue.

• • •

A RICH mossy crepe fashions a youthful black street dress, cut on slim but easy-fitting lines. It achieves the desired windswept effect through the forward blown fullness in the front of the skirt and the frilly forward moving jabot at the high neckline.

The waistline is built up in front, but swoops downward at the back. A row of tiny buttons accentuates the front.

The suit of navy blue has a short jacket cut with a peplum effect and a charming blouse of necktie print rayon.

Photos Courtesy Russeks, New York

Rich, mossy crepe fashions the black street dress shown above, featured by a ruffled jabot at the throat and a row of tiny buttons down the front. A short jacket cut with a peplum effect, and a charming blouse of necktie print rayon, distinguish the suit of navy blue at left.

FLOWERS IN BLOOM

Mrs. C. N. Harrison reports to The News that Flowering Quince were in bloom early last week at her home. They bloomed at the same time as they did in South Texas, which is much earlier than they ever bloomed here before.

Mr. and Mrs. Cecil Hagood and son of Lorenzo visited Sunday in the homes of Mr. and Mrs. W. A. Jennings and of Mr. and Mrs. Clyde Davis. Mrs. Hagood and son remained for a longer visit.

George Lee Hamor of Farmersville, Texas was the guest of Mr. and Mrs. J. B. Sikes over the week-end.

George Washington Party Goods now on display at Warwick's. See them for your next party.

John Jackson To Amarillo With the Tony Chisum Firm

John Jackson will leave today for Amarillo to accept a position with Tony Chisum as sales manager. Mr. Jackson has been with the Imperial Chevrolet Company for the past two years. He has taken an active part in civic affairs of Canyon, and has been a member of the Rotary Club for the past year.

The family will continue to live in Canyon for the present until Mr. Jackson gets his business affairs arranged.

BUYS HAND HOME

Rev. W. W. Richeson has bought the J. S. Hand home, 2500 Sixth Ave. The Hand family moved to Plainview last week. The Richeson family moved to Canyon in November.

Mr. and Mrs. R. N. Barnett and Miss Lillian Atkins attended the West Texas Sheriff's Convention in El Paso last week. They were accompanied by Mr. and Mrs. Grady Hazlewood, Mr. and Mrs. Bill Adams, and Mr. and Mrs. W. R. McDowell of Amarillo.

Mr. and Mrs. R. G. Blue and daughter of Hereford spent Monday with Mr. and Mrs. Will Myers.

Mr. and Mrs. Coit Cornelius were visiting in the C. E. Cheyne home over the week end.

Sport Not His Forte

Though he didn't know who won the 1933 world series, Warren Bachelis, above, 13, would be unbeatable in figuring a baseball's parabola or an irate umpire's basal metabolism. He is a boy prodigy, one of the youngest high school graduates in New York City's history.

B. C. Workman Retires Manager Texas Utilities

B. C. Workman will return to Dallas today after having served as temporary manager of the Texas Utilities since the death of A. H. Bryant. A manager has been assigned for the Canyon office from Clovis, and will arrive this week to assume his duties.

Mr. Workman was with the company for a number of years, but retired to accept a position in Dallas. He came to the local office to assist until permanent arrangements could be made.

Announcement has been made from Plainview that J. B. Scott is retiring as vise-president and general manager, in the consolidation of the Plainview and Lubbock district offices.

Umbarger Items

The children of Umbarger School, with several of their mothers and their teachers, enjoyed the Monday afternoon matinee of "Alice in Wonderland" at the Olympic theater.

Mr. and Mrs. John Bedenk were callers in Amarillo Thursday.

Elroy and Harvey Artho were visitors in the Joe Friemel home Sunday.

A large crowd attended the dance and card party given in the Umbarger Parish Hall Monday evening.

Mr. and Mrs. W. Hockstein and sons of Nazareth were dinner guests in the Rudolph Friemel home Sunday.

Henry Batenhorst was a caller in Amarillo Monday.

Joe Friemel and daughter Adelia, made a business trip to Canyon Tuesday.

Mr. and Mrs. George Grimm and son, Junior, and Mr. and Mrs. Clem Friemel and family were visitors at the home of Mr. and Mrs. P. Friemel Sunday.

Miss Elsie Friemel spent Sunday with Mr. and Mrs. M. Hollenstein.

The 4-H Club had an enjoyable meeting on Wednesday morning with Miss Bass.

Palo Duro Peeps

Miss Alvina Niemann, who has been visiting the past two weeks in the home of her sister, Mrs. Pauline Wendelken, returned to Kearney, Nebraska, Saturday.

Mr. and Mrs. McClendon and children were visitors in the home of Mr. and Mrs. Claude Mullins Sunday.

Carl Gray is visiting in the home of his sister, Mrs. B. S. Campbell.

Mr. and Mrs. G. H. Leseberg visited in the home of Mr. and Mrs. McBroom of Hereford Sunday.

Mr. and Mrs. B. S. Campbell and family were visitors in the R. H. Campbell home Sunday.

Mr. and Mrs. Frank Harrison and daughter of Amarillo spent Sunday in the parental J. S. Harrison home.

Miss Gladys Beavers is leaving Tuesday for Phoenix, Ariz., to take a position there.

During 1928, the United States imported 56,307 parrots.—Newspaper item. Bringing parrots to the U. S. during a presidential election campaign year is the height of something or other.

It's getting so that upholstery in automobiles has to be made better than living room furniture because the usage is so much harder.

Not only does every question have two sides, but some politicians manage to get on both of them.

When a man starts out to make a fool of himself, he completes the job by claiming someone else did it.

Look into the home life of a fellow who claims that nothing ever worries him. Possibly his wife is earning the living.

In carrying out its hog reduction program, we hope the government won't forget the road hogs.

It's about as easy to get rid of your money as it is to hang onto your faults.

It's a shame that Germany had to quit the League of Nations just when the league was preparing to get ready to see what could be done about beginning to formulate a plan of action.

In northern Africa, women stencil designs on themselves for beauty purposes.—News item. In other countries, it seems, women have designs on the men.

The very moment a man concludes that dishonesty is shrewdness, he is a goner.

If you are tired of the universal subject, mention the weather for a change.

THE EAGLE'S TALE

VOLUME NO. 8 CANYON, TEXAS FEBRUARY 15, 1934. NUMBER 22

Say folks! I seen Miss Goodrich taking her dog B-Square for a walk the other night. Wuz it fer exercise, do you suppose?

I jest wonder how long the senior boys will keep their new class rings? It sure is a pity the gals can't wear football sweaters. Tough luck gals.

You can't tell me that Curtis (Taxi) Ellison is bashful, nawsir. Who wuz that good lookin' gal that wuz courtin' him tother night?

It has been rumored that Myrtis and Virginia are goin' to start goin' with Alton and "Fat." Guess Irene and Mary May will start stayin' home at nights fer a while now.

Wonder how many students in school knew that them Eagles went to Groom Wednesday night and won a ball game? Not so many I would guess. What's matter students? Ain't you interested in what them Eagles is a doin' fer you? If you'll come out to see 'em play, they'll win some games fer you, but you shouldn't expect 'em to win if you ain't gonna back 'em.

We have two purty loyal supporters fer their size here in this school, but they ain't large enough is the only trouble. These two boys are "Skeeter" Wirt and Robert Orton. They attended both games last week end at Dimmitt and Tulia. They also took a car load of basketball girls to Tulia. Just to let you know it was appreciated—thanks a lot.

CACTUS CAL.

Natalie Flesher Entertained The Seventh Grade

The seventh grade, under their sponsor, Mrs. John W. Davis, entertained at the home of Natalie Flesher, 1100 Sixth Avenue, with a Valentine party, Saturday night, Feb. 10. The group assembled at 6:30 and played indoor games until about 8:30, when they opened the big valentine box that awaited them. Many were thrilled at the surprises that they found in the box. Refreshments of suckers, cookies, gum, hot chocolate and apples were served. The group adjourned about 9:15, after which time the majority of them attended the picture show.

Did You Know

That four teams of the debate club will debate in the invitation tournament at Amarillo this Friday and Saturday?

That Mary Ella Lowe is the only person entering the Extemporaneous Speaking contest in Amarillo?

That another shipment of the senior class rings arrived last Monday?

That the gavel used before and after each assemby program by Armor Lee Greenfield, student representative, was made by Ernest Duncan?

That the high school student body will hear the Music Appreciation Hour radio program on March 9?

That the buffet supper given by the junior and senior home economics girls for their mothers was presented Monday night at 7:00 o'clock in the home economics rooms?

That the band of the Canyon High School played several introductory numbers for the P. T. A. program?

That three new novels were presented to the grade school library by the A. A. U. W. They are "Around the World with the Children," by Carpenter; "Exploring with Beebe," by Beebe; and "Invincible Louisa"?

That P. T. A. meets in the high school auditorium at 7:30 next Thursday?

Valentine Program Is Planned For Today's Chapel

For the chapel program Thursday, Feb. 15, a Valentine program in celebration of St. Valentine's Day has been arranged. The program is as follows:

Girls' quartet, arranged by Dora Mae Plaster.

Song, Assembly, led by Virginia Burgan, pianist, Robbie Lee Foster.

Origin of St. Valentine's Day, Winnie Dee Hicks.

Interesting methods of celebrating St. Valentine's Day, Hampton Lisle.

Whistling, Sewell Cox.

School Song, all

Book Review

(By Lorene Bessire)

In his masterpiece, "The Magnificant Obsession," Lloyd C. Douglas portrays with the aid of a fascinating though simple love plot, a startlingly new and interesting way of developing a truly "magnificant" personality out of the wreck that the decay of the financial and business world has made of the individual personality. By applying this theory to an almost disgusting character the author successfully and realistically depicts his philosophy that the loss of even the most insignificant friend is a loss to the personality of the individual, because every man instills in his associates and friends a bit of his own personality, and that by the unselfish development of a group of friends, the individual naturally strengthens and broadens his own character while attaching his personality to that of the Divine Being. Another definite portion of the formula is that the good deeds should never even be confided to another person, but that strict silence should be kept on the part of both benefactor and benefited; moreover, the deed or perhaps financial loan should never be repaid, because the benefactor in the meantime, this engrossing theory holds, has "used it all up."

In the plot, the rich, young profligate, Bobby Merrick, having been rescued from drowning at the cost of the life of the famous brain surgeon, Dr. Hudson, takes his place in the medical world with the assistance of a nurse, Mrs. Nancy Ashford. The theme of the book is brought in by means of a ciphered book which contains the theory. Bobby Merrick accepts it and begins the spreading of it. One night he impulsively rescues the daughter of Dr. Hudson, Joyce Hudson, from a disreputable night club. The young, beautiful widow of Dr. Hudson, sees him and blames the wild, unruly actions of Joyce on young Merrick. Having a mutual infatuation for each other, Helen Hudson, fleeing Bobby Merrick, goes to Europe until she learns that Bobby has taken charge of her financial affairs because her dishonest cousin, Montgomery Brent, mishandled them. She again returns to Europe, but on a job, until she suffers a very serious brain injury in a train wreck. Dr. Merrick, who has become quite famous, successfully performs the necessary operation, and upon her recovery, they are married on a ship traveling to the United States.

The appeal of this strange book certainly extends to all classes of people. If the theme of the book is not fully comprehensible to the reader, the charming plot would be sufficiently fascinating. By all means obtain a copy of this novel that is in your library. There is only one caution any critic can offer: if you begin the book, you are certain to lose sleep until you have completed it.

EAGLETTES DEFEAT HEREFORD SEXTET

Leading by only one point at the half, the Eaglettes rallied in the third period and defeated the Hereford girls 28 to 8.

Both teams were unable to do much scoring in the frist half. The score was 5 to 4 at the quarter, and Canyon 6 and Hereford 5 at the half. Although the score was close until the half, fans did not become excited.

The Hereford sextet was able to score only 3 points in the last half to the Eaglettes' 22.

Schmitz, who came in at the beginning of the second quarter, took scoring honors with 10 points.

Someone ought to explain to those Kentuckians that what they are to cast at the polls are ballots, not bullets.

C. E. Donnell, M.D.
1711 5th Avenue
Phone 101

Eagles Gain Four Points in Last Quarter

Coming from behind in the fourth quarter the Canyon Eagles defeated their traditional enemy, the Hereford Whitefaces, 19 to 15, in a rough and thrilling contest in the Eagle gym Saturday night.

The Hereford quintet succeeded in keeping the lead until the last two minutes of the fourth quarter when Elliston, Eagle guard, sank a long field goal from the side, and tied the score. Neither team was able to score in the remaining two minutes of the fourth period, and an extra period was added.

The Eagles succeeded in keeping the ball most of the extra period, and Slask, forward for the Eagles, made a field goal to give the Eagles a 2 point lead. Clayton, Whiteface center, fouled out at this point, and Elliston chalked up 2 points from the foul line, and the game ended with the Eagles leading 19 to 15.

Apparently both teams liked to play football. Numerous line plunges, rolling blocks, and even tackles were attempted.

The Whitefaces were leading 6 to 1 at the end of the first period, and 10 to 7 at the half. The Whitefaces had a 5 point lead at the beginning of the fourth quarter, but two field goals by Slack and a free toss by Elliston brought the score to a 15-all deadlock.

Elliston was high scorer with 8 points to his credit, and Slack came second with 7 points.

Freshman Girls Defeat Seventh Grade Girls

The freshman girls defeated the seventh grade girls with a score of 6 to 1, at noon, Thursday, Feb. 8. This game took place before an excited group of students in the grade school gymnasium.

These two teams matched forces in a game on January 11, in which the grade school won with a score of 6 to 5. This time the freshman girls had more confidence in themselves and went into the game with the same old fighting spirit shown when they scrimmage with the high school Eaglettes.

Neva Lois Miller, Jean Slack, and Evelyn Cluck have played in match games with the Eaglettes, and a few more of the freshman girls have accompanied the Eaglettes on trips as substitutes and also suited out at a number of the home games.

Estelle Lindsey, a seventh grade forward, made the only free goal for the seventh grade, and Neva Lois Miller, a Fish goal shooter, made two field goals, while Betty Ruth Solomon, another Fish forward, made one field goal.

Mable Schmitzz acted as referee.

Buffet Supper Is Given for Mothers By Home Ec. Club

The Senior Home Economics Club entertained their mothers at a buffet supper Monday night, in the home economics room of the high school.

The room was attractively decorated with red and white hearts to carry out the Valentine theme. The tables were covered with red and white luncheon clothes, alternately. Tall red tapers and hearts decorated the room.

The program was as follows:

Introduction—Each member.

Welcome—Ruby Foster.

Response—Mrs. R. T. Bowman.

Reading—Dora Mae Plaster.

Acquaintance with club—Anna Kathryn Overton.

Reading—Dora Mae Plaster.

The menu consisted of meat loaf, vegetable gelatin salid, mashed potatoes, rolls, conserve, punch and ice cream.

The guests present were: Mrs. Worth Jennings, Mrs. W. T. Shackelford, Mrs. Brasuel, Mrs. R. E. Foster, Mrs. R. T. Bowman, Mrs. A. H. Bryant, Mrs. E. M. Brooks, Mrs. Harvey Cash, Mrs. Avis Kirkpatrick, Mrs. G. H. Hardman, Mrs. I. M. Steen, Mrs. N. A. Croson, Mrs. C. P. Overton, Mrs. F. A. Pierce, and Mrs. Henry Cone.

VALENTINE SEASON IN FULL SWING IN GRADE SCHOOL

Each year, in the grade school, the Valentine season is full of celebrations.

Two classes were entertained at the homes of members of their classes. These rooms were 7-A and Miss Ann Smith's fourth grade.

The other classes had Valentine programs in their respective rooms at school. Various types of entertainments were climaxed by distribution of the hearts from the Valentine boxes.

P. T. A. To Meet Tonight In the Auditorium

The Parent Teachers Association will meet tonight in the high school auditorium at 7:30. Professor S. H. Condron of West Texas State Teachers College will be the main speaker of the meeting. All parents and citizens are urged to attend.

Coppock, Ambler Entertain History Studes and Scouts

As special guests of Colonel Coppock, Thursday night, Feb. 8, in the auditorium of the Education Building, the students of the American History department, the Girl Scouts, Boy Scouts, and their friends, heard the Colonel speak on "A Day in an Army Camp." During the talk, Mr. Ambler, the bugler of the camp, illustrated several of the calls commonly used in an army camp during the day.

The Colonel was introduced by Mrs. T. V. Reeves, head of the Bureau of Public Service of the College. He opened his talk with a description of the bugle and trumpet, the latter was used during the talk by Mr. Ambler.

Among the calls illustrated by the bugler were: first call, reville, assembly, mess call, fatigue call, sick call, drill calls used in drilling stables, officers' calls, first sergeant's call, adjutant's call, the church call, and at sunset or thereabouts, the flag is brought down to the strains of "The Star Spangled Banner," or "To the Colors." In far away places the call "To Arms" may be heard several times during the day. The last three calls of the day are, tattoe, to quarters, and the Last Post, commonly called Taps. Taps is the last call sounded in the life of a soldier. The Colonel added to the interest of the calls by giving the words to several of the calls that are used by the men.

FACULTY FACTS

Miss Irene Angel is teaching her first year in Canyon High as head of the public speaking department.

She was born six miles from the little town of Groom. When she was still a very small baby her mother dropped her on her head. From this tragic accident she hasn't yet fully recovered.

Her first school days were spent in a little red school house about two miles from her home. The next few years found her traveling to and from a two-teacher school in a buggy. She went to high school at West Texas State Teachers College training school, and from there she received her high school diploma. Two years of her college education were taken from W. T.; then she went to Emerson College of Oratory in Boston for three years and received her B. L. S. degree. During her school years she received no honors except "razberries."

Miss Angel was head of the English department of Dalhart two years. She was head of the department of speech at William Woods College, Fulton, Missouri, three years. Then she came home to stay with her mother.

Her chief hobby is eating crackers in bed. She enjoys and appreciates all movie stars, good, bad, and indifferent. Cal Farley, the world's worst, is her favorite radio star.

To be married is her one and only great ambition.

Miss Angel has traveled in Canada, spent two winters on the Gulf; she has also traveled in California and spent two winters on the eastern coast. Other than this, she has spent the 55 years of her life in the Panhandle of Texas.

Jokes! She has many jokes, the greatest of which are her students.

She is now a member of the Phi Beta, a national honorary dramatic and music sorority.

The saddest moment of her life was when she got a job.

The most embarrassing moment was when she got a syrup bucket on her head and couldn't get it off. Her mother pulled and pulled and finally pulled it off, taking the greater part of her daughter's nose; no doubt that is why it is so short today. The happiest moment of her life was when the bucket came off. Miss Angel states, no doubt they would have cut it off with a can opener, but such machines had not been invented!

Miss Angel is now going to school at the college and holding her position as director of speech in Canyon High School.

Louise Tankersley, a former student in the grade school, who has been attending Trigg School, west of Amarillo, fell from a swing, and broke both legs. She is recovering rapidly.

Student Council Is Reorganized; Meet Monday

The student council, which has been reorganized, met Monday to discuss matters of interest to the student body.

Ernest Duncan, the president of the student council, took charge, and the following officers were elected: Vice president, Armor Lee Greenfield; treasurer, T. V. Slack; secretary, Loura Ferne Brian. The members of the student council are: Seniors, Owen Miller and Myrtis Wright; juniors, Bill Cone and Chloie Hail; sophomores, Wesley Cox and Anna Kathryn Overton; and freshmen, Kate Donnell and Prentice McKee.

The president read a letter from the Hereford student council, expressing regret ever incidents which occurred at the ball game at Hereford. The council voted appreciation and confidence in the sportsmanship of Hereford High School. The letter was then turned over to the secretary to be answered.

The question of working out a student handbook to be used next year was discussed. A handbook committee was appointed consisting of Myrtis Wright and Anna Kathryn Overton.

Another question to be discussed was intramural basketball. A committee composed of Owen Miller, T. V. Slack, Armor Lee Greenfield, and Kate Donnell, was appointed to confer with the coaches and make suggestions to the council for conducting tournaments.

Plans were made to have a boxing match at the next ball game, and to admit grade children free if accompanied by a paid adult ticket (not high school.)

The next meeting of the student council will be Monday, Feb. 19.

School To Be Represented In Speech Contest

The annual speech tournament will be held in Amarillo, February 16 and 17. All of the schools of the Panhandle are invited to participate in the contest. Canyon High School will be represented by the following:

Armor Lee Greenfield, Loura Ferne Brian, Bobby Jo Cheyne, Irene Thompson, Alton Brasuel, Dan Gerald, Robert Orton, and Jack Oldham as debaters.

Mary Ella Lowe will go as a representative in Extemporaneous Speech.

Last year the school won two cups. One for declamation, taken by Rosa Cash, and one for extemporaneous speech, taken by Mary Ella Lowe. Because of ill health, Rosa will not be able to compete this year.

George Terry is the coach of debate, while Miss Jewell Foster coaches extemporaneous speech.

Junior Students Make Classic Introduction

"Ladies and Gentlemen, on my right is Mr. Otto P. Brown, weight, 175 pounds."

Thus Jackie Pitts presented a wrestler to the junior English class. The members of the class were assigned oral compositions. They were to make a nomination speech, introduce a speaker, performer or entertainer, present a trophy, or give a toast. Several were interesting introductions were made.

Jack Oldham highly esteemed the honor of introducing Mr. Terry to talk to the English class on "The correct manicure for the ditch-digger."

Lorine Bessire nominated Jackie Pitts to keep the streets clean of orange peels, etc.

Along with the humorous introductions, the students learned many practical ways of handling situations and occasions which they meet in school and which will arise in the civic life of the students in later years.

The students have helped Miss Goodrich, teacher of the class, to select some topics that will be of practical use to them.

NOTICE

Plez Baker, of the Hereford Whiteface basketball team, will pay a reward of $1.00 for the pictures that were in his pocketbook which was taken from the boys' dressing room of Canyon High School Saturday night.

The person returning the pictures may keep everything else that was in the pocketbook. If any one knows of the pictures, write to Plez at Hereford, or you may leave these personal effects on the principal's desk at any time during the school day.

Eagles Meet Groom, Vega Fri. and Sat.

Friday night, Feb. 16, at 7:30 the Canyon Eagles will be hosts to the Groom High School cagers in the Eagle gymnasium, and on Saturday night, both girls and boys will be guests of Vega's baskeeers at Vega.

In a previous game with Groom the Eagles managed to take the lead with a score of 28-15, and in games with Vega, the boys won, the score standing 15-11, and the girls won by 12 points, the score being 33_21.

These games promise to be fast hard-fought battles. If you don't believe it, come and see Friday night at 7:30 in the Eagle Gymnasium, the admission will be 15c for students, and 20c for outsiders. Back your Eagles.

Faculty Facts

Approaching district contests in both athletic and literary fields, give indications that the teachers of the system are doing far more than merely "teaching a subject." The nearest contests in point of time are the district basketball tournaments. The coaches of these squads have spent countless hours after their regular teaching day, trying to build better bodies, and better games. Then they have spent other hours in securing transportation and in making trips for practice games. For all of this extra, they have received only whatever reward a teacher has in seeing growth and developemnt in his work.

Not only are these things true of the athletic coaches, but they are also true of many other teachers who are spending hour after hour in coaching declamation, debate, extempore speech, story telling, one-act play, etc. Others spend much time in various club work of the boys and girls, or in caring for pep squad activities, or school paper or scout activities.

These things are not usually a part of the regular job and they are done because teachers are interested in boys and girls as growing and developing personalities. They are the mark of a teacher's interest along this line—and they are usually done gladly—or not at all.

Appreciation Hour Enjoyed By Grade School Children

On Friday, Feb. 16, the fifth, sixth and seventh grades of the Canyon Grade School will hear by means of the radio in the study hall of their building, the Musical Appreciation Hour, sponsored by Walter Damrosch and his orchestra.

The numbers on the program are as follows:

1. Review Number.
2. "March of the Lion," from "Carnival of the Animals," by Saint Saens.
3. "Gentlemen with Long Ears," from "Carnival of the Animals," by Saint Saens.
4. "Dance of the Mosquito," by Laidon.
5. "Ride of the Valkrien," from "The Valkrie," by Wagner.
6. Waltz, "Village Swallow," by Joseph Strauss.

The children hearing the last program, on February 2, voted upon "The Entrance of the Little Fauns," from "Cydalise," by Pierne, as the piece which they "appreciated" most.

A.A.U.W. Donates Three Novels To C. H. S. Library

Three books, "The Magnificant Obsession," by Lloyd C. Douglas, "Parnassus on Wheels," by Christopher Morley, and "The Story of the Confederacy," by Robert Selph Henry, were donated to the library of Canyon High School by the American Association of University Women.

The donation of the three books by the A. A. U. W. was enacted as a public service. Each year the association has donated a certain number of excellent books to the library. This year the three books selected are of especial value in modern literature, being of very recent publication and carrying excellent recommendations.

APPRECIATION

Canyon High School appreciates the letter of apology from Hereford High School. This letter shows the correct spirit between schools, over slight misfortunes. Good sportsmanship is one of the school's greatest attributes. We hope that the small misfortunes may be forgotten, and the good sportsmanship and spirit between the two schools may continue.

PLEASE FOR MORE MUSIC

"We can do without fire in the house for half of the year, but we must have music the year round." —Sidney Lanier.

Did it ever occur to you that in this school there is not enough music taught?

In this school about the only music we receive is a recital three times a year. The attendance of these recitals shows the hunger of the students for good music.

If more good musical programs appeared on the chapel schedules throughout the year, greater interest would be taken in them, and students would learn better how to conduct themselves at musical programs.

The students enjoyed the one Damrosch Appreciation Program they heard, very much. In addition to the Damrosch hour, why couldn't Canyon High School put to valuable use some of its very excellent local talent?

Assembly

The assembly was called to order by the student chairman, last Thursday afternoon, who made a few minor announcements, and then turned the program over to Mr. Carruth, who made the major announcements. Mr. Carruth called attention to the various skin diseases and other diseases that are spreading through Canyon at this time.

Mr. Carruth talked on the reputation and standing of the various schools of the Panhandle. He commended the Tulia school system very highly. According to a statement made by Mr. Carruth, the Canyon High School has a very high standing as one of the best schools in the Panhandle. The theme of his talk was noise in the school building, and how to remedy such noises as whistling, loud talking, laughing, and singing in the building.

He also mentioned the various diseases such as measles, whooping cough, pink eye, and a skin disease, that are in and around Canyon at the present time. Mr. Carruth urged all students to be very careful so as not to spread any diseases among their fellow students.

"Mickey" Schmitz took charge of the program immediately after Mr. Carruth's talk and led the entire student body in a few songs and yells, then led the students in the school song, as the concluding selection for the assembly program.

Skiing Way Up in the Sky

Soaring, bird-like, through the air, Harold Sorenson is shown making the 167-foot jump with which he took second place in an event at the New York state championship meet at Salisbury Mills. Many hair-raising jumps and bad spills thrilled throngs attending the meet.

Wayside Items

Cloudy, misty weather has given us a little moisture, possibly one half inch. No downfall that we are aware of. Not very cold.

Sunday School at the usual time Sunday morning. J. B. Smith has been appointed as janitor to make fires. Thanks to him for his thoughtfulness heretofore. Superintendent Bessie Lane is making good in her position. She needs co-operation from all interested in the work.

Two days work per week means that much for the CWA workers.

M. L. McGehee and Bryan Bros. shipped lambs to the Kansas City market early part of this week.

Work and Play Club met with Mrs. Doris Hamblen Thursday afternoon. About twenty ladies in attendance, notwithstanding the misty day. All enjoyed the time piecing quilt blocks for the hostess. Delightful refreshments were served at the regular time. They meet with Mrs. Ada Smith two weeks to come, Washington's birthday.

Gillham Bros. have bought a flock of sheep from Harvey Newsome, about 140 head of good blood. Quite a few are raising a few orphan lambs. That seems to be the coming industry.

Henry Hamblen from Canyon High, spent the week end at home.

Mother Carter doesn't seem to be quite so well, has been in bed five months, still cheerful and enjoys company, however.

W. R. Franklin and family, his mother, Mrs. Emma Franklin, also Mrs. Roy Franklin and Gloria Jean motored to Amarillo Wednesday.

Rev. N. S. Daniels, wife and two sons called in Wayside Thursday on their return from Amarillo meeting. They reported Bro. J. R. Plant was in attendance.

Announcement has reached Wayside of the arrival of Haleta Kay Hartrick, Feb. 7th, at Amarillo Hospital. Mr. and Mrs. Hal Hartrick taught school at Wayside a few years ago, and now reside at Conway, Texas.

Callers in the Sluder home last Sunday: W. R. Franklin and family, Roy Franklin, wife and baby, W. H. Hamblen, wife and Ramona, and Mrs. Bessie Lane.

We learn that Dr. Warner of Claude is able to be up part of the time.

Miss Esther Root spent the week end with her parents in Canyon.

Miss Beatrice Fulton is assisting in school work in a school near Tulia this week.

Youthful Artist Paints Portrait Of "Big Coach"

Elba Murff, 19 year old artist of Brice, Texas, has just completed and has on exhibit at the West Texas State Teachers College an oil portrait of the late Sam D. Burton, nationally known basketball coach, for many years mentor of the West Texas Buffaloes.

The portrait, pronounced an exceptionally good likeness of the "Big Coach," was painted from a photograph, Mr. Murff never having seen Mr. Burton. Local art critics adjudge the picture an unusual piece of work for so young an artist and for one who has had no professional training in oils.

Mr. Murff has been painting for several years, though he has studied under no teachers, prefering to experiment alone in his field of art. He spends the greater part of his time in doing landscapes and work of that nature. The portrait of Mr. Burton, one of the first that the young man has done, shows a fine handling of facial expression and of color.

Harry Hartzog of Clarendon, W. T. student in 1931-32, brought the picture to Canyon for display at the College.

"HIGHEST TEST" AND anti-knock at the price of ordinary gasoline

WHEN your car is covered with snow after standing out all night in the cold . . . will the motor start promptly at the touch of the starter?

It will!—if the tank is filled with Phillips 66.

This greater gasoline is genuine high test. Super-volatile. Packed with quick-starting elements which snap into action pronto.

Does this sound familiar? Have you seen claims like these before? Then glance below and see something you won't find in other ads—scientific figures which tell you exactly how high the test of Phillips 66 is.

We print our gravity range in plain figures, without fear of comparison, because Phillips is the world's largest producer of natural high gravity gasoline. Obviously, we can afford to offer extra high test gasoline without charging a penny extra. Every gallon of Phillips 66, therefore, gives you greater value . . . marvelously fast starting . . . quicker warm-up . . . more pep and power . . . more miles per gallon. Besides, this finer performance is always consistent because it is protected against changes in weather by CONTROLLED VOLATILITY. Phillips pioneered this basic principle which matches the gasoline to your weather.

If you haven't yet tried it, get a tankful of this high test, high anti-knock motor fuel; and treat your car (and incidentally your pocketbook) to the quickest winter starting and smoothest bunch of miles you've ever had. Get just one trial tankful and feel that difference in your motor.

Look for the Orange and Black 66 shield and **Phill-up with Phillips** when you see it.

BUFFS TO PLAY LAST GAME IN GYM AGAINST COWBOYS

Plan to Defeat New Mexico Team In Second Series

Next Friday and Saturday nights the Buffs make their last stand in Burton gym for this season against the New Mexico Normal University Cowboys of Las Vegas.

Coach Clark's team is the only one that the Buffs have taken a series from this year, and Captain Stroud and his team mates are confident that they can repeat the deed. However, Las Vegas has the best team that they have had in years, and they are eager for a chance to revenge those two early season losses to the Buffaloes. The scores of the former games were 32 to 21 and 23 to 25.

Stroud Is Good

In the game last Wednesday Captain Stroud came through as was predicted and led in the barrage of field goals that swamped the prospective Border Conference rival of the Buffaloes. Stroud scored 24 points and played the best all-around game that he has turned in this year. From now on to the end of the season Stroud should be playing in that form that makes one reminiscent of former years.

Big John Walker is another player that is just about due to come through. He has been playing a steady game, but he hasn't as yet shown the type of basketball that he is capable of with a little development. Last Wednesday Big John showed that he is about ready to blossom out. At times Walker has seemed to be afraid to let himself go entirely. It may have been those size thirteen shoes, but it is the opinion of this writer that John should graduate into fast company in the coming two games with Las Vegas.

Dunbar Is Fast

Dunbar is a six-footer for the Cowboys at forward. He is fast, deceptive and a good shot, using either hand. He leads the scorers for his team in both of the Buffalo games.

Hutchinson, the other forward, is captain of the N. M. U. team, and is one of the best floor-men on the team. He handles the ball smoothly and is also a good shot.

Shiplet is the bulwark of the Cowboy defense. Clements is the center and Stevens and Burson alternate at the other guard.

The two games with Las Vegas finish the season for the Buffs at home. The next Monday and Tuesday Coach York takes his squad to Lubbock for two return games, and the following week the Buffs make a trip into Oklahoma playing two games at Alva and at Weatherford.

Alfred Bellah went to Temple Saturday to be with his mother, Mrs. R. A. Bellah, who is seriously ill.

George Washington Party Goods now on display at Warwick's. See them for your next party.

Fight Fandom Still Is Groaning Over the Terrific Lambasting It Received at the Recent Rosenbloom Knight Scrap.

BY PHILIP MARTIN

THERE ought to be a law!

Victimized at every turn by conniving promoters and managers, the long-suffering fight public took another severe drubbing at the recent title bout between Maxie Rosenbloom, clown champ of the light heavies, and Joe Knight, likeable Southern boy.

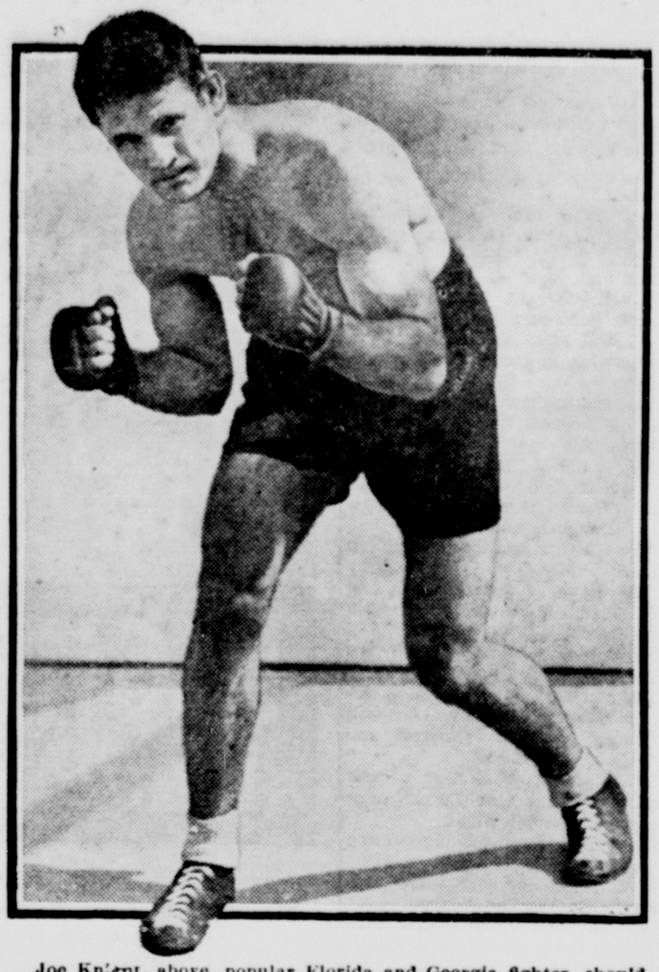
Throughout the scrap, Joe hit Maxie with everything but the water bucket. Although the referee voted for Knight, two of the judges were for a draw—and so it was decided.

It would have benefited the fight game had the nod gone to the southern lad. Slapsie Maxie right now is probably the world's most defeated champion. He has little right to his title, having been beaten by Knight 18 months ago, by Bob Godwin, another southern boy, and by John Henry Lewis of the Pacific coast.

• • •

THE indoor track season is in full swing. The big shot right now is Glenn Cunningham, the lame Indian from Kansas, who recently beat Gene Venzke, Penn star, in the Wanamaker Mile of the Millrose Games.

But during the meet another fellow stepped into the limelight. He was Johnny Collier, of the Boston Athletic Association, who strutted out to set a new world record in the 60 yard high hurdles. Collier's time was 7 5 seconds.



Joe Knight, above, popular Florida and Georgia fighter, should have won the nod when he fought Maxie Rosenbloom, Philip Martin believes. Above, left, is John Collier, holder of a new world record for the 60-yard high hurdles.

TWO recent coaching changes in the football world herald the growing favor of alumni coaching staffs.

One change saw Ducky Pond, Yale grid great of 1925, taking over the helm of the Eli after the ousting of Reggie Root. The other saw Lieut. Thomas Hamilton, who starred in Navy's backfield in 1925, taking over the reins at Navy in place of Edgar "Rip" Miller, one of the "Seven Mules" of Notre Dame.

Yale's change was preceded by weeks of bickering between dis satisfied alumni and Malcolm Farmer, school official. Alumni were reported to be in favor of an outside coach, and Harry Kipke, Michigan mentor, was given the inside track. Farmer, on the other hand, wanted a Yale man at the head of the squad.

Farmer finally won out and the Yale tradition went unscathed.

The reason given for Miller's demotion at Navy was that it resulted from a switch to graduate coaching similar to the system employed at Army. Miller was given a job as head line coach, and his Notre Dame system, thoroughly drilled into the Middies for three years, is said to be on the way out.

Miss Frances Usery was home over the week end from her school work at Electric City. She had as her guests, Miss Geneva Griffin of Electric City, Miss Eva Mae Bullock of Borger, and Miss Jo Pearl Weatherby of Whittenburg.

Do Your Shopping in Canyon.

WORLD IN A LIGHT GLOBE

When you switch on an electric lamp, you're using materials that came originally from almost every country in the world. In that little globe that cost you 20 or 30 cents there is antimony from Mexico, thoria from Brazil, niter and silica from Chile, cobalt and nickel from New Caledonia, bismuth from Australia, tin from the Malay Peninsula, manganese from India, potash from Russia, sodium corbonate from East Africa, arsenic from Greenland—and so it goes down a long similar list of items.

As has been said, the electric lamp is literally the light of the world.

FIRST CHURCH OF CHRIST SCIENTIST

Services every Sunday at 11 a. m. and Wednesday at 8 p. m., when experiences, testimonies and remarks on Christian Science are given. Sunday school meets at 9:45. All under twenty years of age are invited to attend these classes. Subject for Sunday "Soul." A reading room is maintained in the church from 3 to 5 on Thursday and Saturday, excepting holidays, where the Bible and authorized Christian Science literature may be read, purchased or borrowed. The public is cordially invited to attend these services and to visit the reading room.

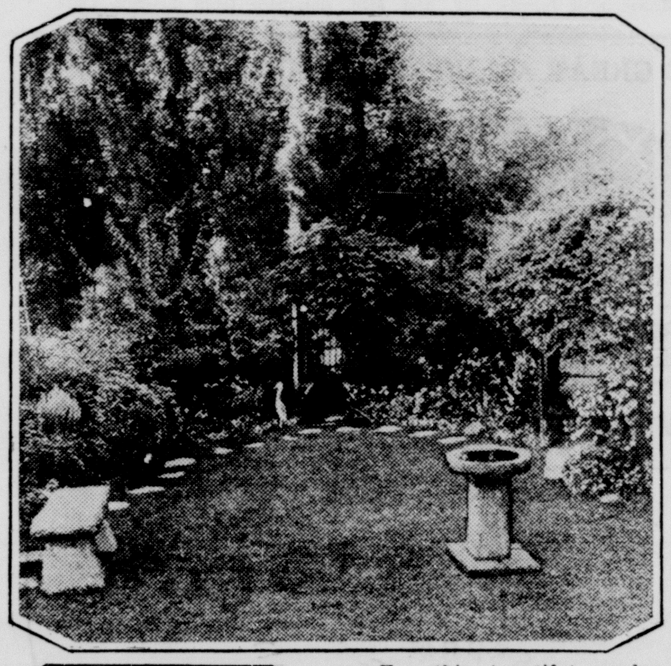
P. & G. GROCERY

Her Garden Best in U. S.



For this beautiful garden which Mrs. Gus Schellenberg, left, of St. Louis, Mo., cultivated on her 35-foot home lot, she was awarded the championship of the 1933 National Yard and Garden Contest, Amateur Class. Five years ago there was no planting of any kind about the Schellenberg bungalow, but in that time, with the help of her husband and two grown sons, Mrs. Schellenberg made it beautiful by planting trees, shrubs and flowers of all kinds. Her garden won first place over hundreds of other home grounds from all parts of the country.

D. S. HILL

Library Notes

The Public Library is now receiving three magazines while they are still current, or new. They are Time and The Rotarian, presented by C. W. Warwick, and the Literary Digest, by Judge S. B. Orton.

Saturday, Feb. 10, was the banner day for visitors at the Library, thirty-five different people using it on that afternoon.

Miss Fannie Malone, the librarian states that all of the books which were received at the Book Reception are now catalogued and ready for use. A few were listed in the Canyon News last week. Another group are listed below:

Austen: Pride and Prejudice.
Ashmun: Isabel Carleton's Friends.
Appleton: Tom Swift and His Air Glider.
Barcus: The Governor's Boss.
Berdan: Modern Essays.
Burroughs: Tarzan of the Apes.
Chamberlain: Africa.
Dunn: Diary of an Explorer.
Hawthorne: Scarlet Letter.
Shuman: How to Judge a Book.
Johnson: Babes in the Woods.

GEORGE WASHINGTON MASONIC PROGRAM

The two Masonic Lodges of Amarillo are to be hosts to the Masons of the Panhandle, Thursday, Feb. 22, in a program honoring the memory of George Washington.

A Lodge will be opened on the top floor of the Amarillo Masonic Temple and the Entered Apprentice as well as Master Mason degrees will be conferred by members of the Panhandle Certificate Men's Association.

The meeting will convene at 2:00 p. m. and it is planned to close about 9:30 p. m., so visitors can commence return journey home before it becomes late.

Refreshments will be served in the basement of the Temple at 6:00 p. m. Two short addresses will be made by prominent Masons. The Grand Master has given his approval to this gathering, and a large attendance is anticipated.

TO LAYMAN'S MEETING

Rev. Chas. L. Dickey, Dr. R. P. Jarrett, Travis Shaw, Dr. H. A. Brown and Oscar Gano left Monday for Fort Worth where they attended a layman's meeting of the Presbyterian church.

Dr. Jarrett will inspect Trinity University at Waxahachie as a delegate of the church.

EPISCOPAL CHURCH

Following up his subject of "Prophecy," the Rev. Warwick Aiken, who spoke last Sunday night from the query, "Is Prophecy as Reliable as History," will discuss "The Greatest Theme in Prophecy," next Sunday night at eight o'clock, at the Episcopal Church.

The first sermon was alive with interest from beginning to end, and was greatly enjoyed by all who heard it. Other subjects to follow are "The First Sin in Heaven," and "The Nation That is No Nation," to be given on Feb. 25th and March 4th, respectively.

The public is cordially invited to hear these sermons, and to worship with this congregation.

ST. PAUL'S LUTHERAN CHURCH

5 miles east of Canyon.
Sunday school at 10 a. m.
Services, English, at 11 a. m.
Visitors are welcome.
H. A. Stroebel, Pastor.

Mr. and Mrs. W. A. Warren returned Saturday from St. Louis where they were at market last week buying goods for the Peoples Store.

It's time to use George Washington party goods for your parties. See the patriotic party helps at Warwick's.

CLASSIFIED ADVERTISING

Classified rates are two cents per word for the first insertion, and one cent per word for each subsequent insertion. This rate applies to all legal notices.

All classified advertisements must be paid in advance unless arrangements are made in person to care for the payment of them. Classified ads received through the mail will not be published unless accompanied by the cost of insertion.

Word ads intelligently—do not try to save a few cents by leaving out necessary words; tell who, what, where, and, if essential, when and why.
